INFORMATION DISCLOSURE STATEMENT

Listed on the accompanying form PTO-1449 and attached herewith are several English-language documents. Applicants respectfully request that these documents be listed as references cited on the issued patent.

Copies of United States patents and United States published patent applications do not have to be provided to the Patent Office (37 C.F.R. 1.98(a)(2)(ii)). Copies of unpublished U.S. applications do not have to be provided, as long as the application is available on PAIR, as this requirement of 37 C.F.R. § 1.98(a)(2)(iii) has been waived by the United States Patent and Trademark Office pursuant to the Official Gazette Notice on October 19, 2004 (1287 OG 163). Applicants will provide copies of such patents or applications upon request.

The references listed on the attached form PTO-1449 were cited on Applicants' Information Disclosure Statement filed July 28, 2006. Applicants believe copies of these references were submitted with the prior IDS and were scanned by the PTO as NPL documents. However, these references were not considered by the examiner.

To facilitate the examiner's review, Applicants hereby submit this new IDS along with copies of the cited references.

Because the references were previously submitted, Applicants believe no fee should be required to file this IDS. However, if the Patent Office determines that a fee is required for Applicants to file this IDS, please charge any such fees, or credit overpayment, to Deposit Account No. 02-4550.

The filing of this IDS shall not be construed to be an admission that the information cited in the statement is, or is considered to be, prior art or otherwise material to patentability as defined in 37 C.F.R. §1.56.

Respectfully submitted,
